Take your time in our store. We invite you to tarry and admire our stock. It has admirable features and we are proud of it. It was honestly bought and honestly paid for, and will be honestly sold. SITTING BULL

Would Have Been Captured by Buffalo Bill Had Not Government Orders Been Countermanded.

LACROSSE, Wis., Dec. 4.—Dr. Frank Powell returned to his home in this city yesterday, from Standing Rock agency, N. D., accompanied by William F. Cody (Buffalo Bill) and R. H. Haslan (Pony Bob). Col. Cody stated that his party was in the heart of the Indian country, seventeen miles from the camp of Sitting Bull, where the ghost dance was in progress.

"Our mission was to capture Sitting Bull," said Colonel Cody, "and we would have accomplished our object had not a courier overtaken us on the edge of the reservation with dispatches from the president ordering our party to return without carrying General Miles' orders into effect. Our trip was not attended with any dangers. The trouble as it now is is unprecedented. Our party traveled 1,506 miles in less than seven days and our surprise was great in being recalled from our mission. We could have taken the Bull, horse and all into captivity, I am sure, without the loss of a single life. It is impossible for me to tell at this time whether the uprising will result in the destruction of thousands of lives and homes or in a peace able settlement. It looks dark to day, but the military may be able to handle the matter satisfactorily. We were sent out by the United States government and did our duty until called back. I am here awaiting orders from the war department and should General Miles order Powell and myself across the country at once, we will take the iron horse as far as we can go and then the saddle and take Sitting Bull and all his family, if our orders so read. I am hourly expecting orders to get to the front and the same party will accompany me."

SAN FRANCISCO, Dec. 4.—Brigadier General Gibbon, commanding the division of the Pacific, in compliance with an order from Major General Schofield at Washington has directed Col. Wm. I. Shafter, commanding the first infantry regiment to proceed to Omaha to day. Colonel Shafter has been ordered to have his regiment fully equipped for the cold, including tents for winter service. The colonel is directed to communicate with General Miles en route so that further orders may be received from General Miles by the time the regiment reaches Cheyenne. The quartermaster has provided eleven tourist cars and one Pullman to convey the troops. The train left early this morning.

HAD TWO LOVES.

And the Disappointed One Wants $10,000 for Blighted Affections.

PARKERSBURG, W. Va., Dec. 4.—At Cadiz, on the Ohio side of the river, yesterday suit was brought by Jennie Ankrim against Wm. Morris for $10,000 damages for wounded affections. Morris was paying attentions to Miss Ankrim last summer, and at the same time to Miss Coventry, who lived some miles away. He recently eloped with Miss Coventry, but still kept up his attentions to Miss Ankrim, the latter not being aware of his marriage. When she learned of it yesterday, she brought suit for damages.

DIPTHERIA SPREADING

With Alarming Rapidity at the City of Indianapolis.

INDIANAPOLIS, Dec. 4.—The fear that diptheria would become epidemic in this city has been realized and cases are being reported to the health office at the rate of fifteen a day. Yesterday a total of ninety-five had been reported within the last few days and physicians report the disease as spreading to an alarming extent. The danger is regarded as so imminent that the board of health held a special meeting to devise means for preventing the further spread of the disease.

Sensational Discoveries.

KANSAS CITY, Mo., Dec. 4.—Sensational discoveries were made yesterday at the session of the Trans-Missouri Freight association. The grain dealers of Kansas City have made application for a readjstment of alleged discrimination in rates. The Missouri Pacific displayed bills forged by certain grain dealers and representatives of three of the western lines so as to make the rebate on shipments in transit appear large enough to make a great reduction in the freight rates. The names of roads and of grain dealers implicated are not given. The application for a readjustment in rates and the granting of railroad consignment privileges were not acted upon.

Predicts Bloodshed.

HALIFAX, N. S., Dec. 4.—The Herald will print to-day a letter from Mgr. Hawley, prefect apostolic for the west coast of Newfoundland on the collapse of the British French fishery negotiations. Mgr. Hawley advocates the creating of a new province of West Newfoundland as the only solution of the difficulties and predicts bloodshed unless a settlement is agreed upon.

Natural Gas Explosion.

SHELBYVILLE, Ind., Dec. 4.—Natural gas exploded in Dr. J. R. Rucker's property, on North Harrison street, in the morning, setting fire to the house. Mrs. Rucker was badly burned about the head, throat and arms. Her two small children were also severely burned.

FEDERATION OF LABOR.

Ballot Reform to be Discussed at the Convention Next Week.

PITTSBURG, Dec. 4—Delegates from three national organizations which have their headquarters, and from four independent unions, will attend the convention of the American Federation of Labor, which meets in Detroit next Monday. An official of the American Federation of Labor said yesterday: "The growth of the federation has been simply wonderful. At the last convention we had 185 delegates, representing 650,000 people. This year we will have 225 delegates, representing 725,000 wage workers. The convention will this year depart from its usual rule to discuss a political question. A circular has been received from President Gompers, notifying the different organizations that one of the subjects for discussion will be ballot reform. The circular urges on the unions to instruct their delegates on the subject, and points out that the safety of wage workers lies through the ballot, and they should be the first to propose any measures which will throw additional safeguards around the ballot box."

Another matter of interest to Pittsburg will be the election of a successor to First Vice-President Wm. Martin, who has resigned. The other officers will probably be re-elected if they desire the honor. They are Vice-President P. J. McGuire, Secretary Chris. Evans, Treasurer Henry Emrich.

REFUSED TO ANSWER

Questions in Court and a Heavy Fine is Imposed.

CHICAGO, Dec. 4.—James C. Peasley, treasurer of the Chicago, Burlington and Quincy Railroad company, yesterday met with the same fate as did Charles Counselman, for refusing to answer questions before the federal grand jury, and also for declining to produce books and papers of the company in the freight charge violation investigation directed against the officers of the Chicago, Rock Island and Pacific railroad, the Chicago, Burlington and Quincy railroad, and the Chicago, St. Paul and Kansas City railroad.

The court said that Peasley, being only the custodian of books and papers, must produce them and answer questions. The formality of again refusing was gone through with and the court imposed a fine of $500 with directions to stand committed until paid and until the questions were answered. A petition for habeas corpus will be filed on behalf of Mr. Peasley and the question involving books and papers will be presented to Judge Gresham and the two features decided together.

FAITH IN THE SPIRITS.

Three Sisters Keep Their Dead Brother Sixteen Days Before Burial.

MAY'S LANDING, N. J., Dec. 4.—The body of George W. Fay, a prominent druggist of this place, was buried yesterday afternoon. Mr. Fay died sixteen days ago, but his three sisters, who are spiritualists, would not consent to his burial, believing that he would return to life. The corpse still retained its life-like appearance, the cheeks being red as roses. The sisters took turn in watching the lifeless form of their brother, and have not doubted or lost faith in the spirits.

To Save the Scheme.

BOSTON, Dec. 4.—Richard Hechscher, the English promoter of the American stove and furnace company, is in this city trying to save the scheme. This company was brought out in October 7 last in London, N. Y., and Boston, and subscriptions to $1,875,000 were invited. Hard times came on and only about $300,000 was subscribed here, and reports say this amount was later reduced very considerably. The underwriters who had guaranteed the subscription for a large amount were reluctant to pay up and yesterday, the advertising agent, who unfolded the scheme to the puplic, brought suit for $12,000, the amount of advertising bills against those connected with the proposed syndicate.

The Cherokee Strip.

KANSAS CITY, Mo., Dec. 4.—The international round up of the cattle in the Cherokee trip, was finished yesterday. The startling discovery was made that over 2,000 head of cattle has been stolen and driven to the southwest. The Arkonsas City company is the heaviest loser, 700 head having been cut out of the herd by the thieves.

Jack Demsey.

SAN FRANCISCO, Dec. 4—Prize fighter Jack Demsey arrived here from Portland last night. He will stay in the city a few days and then leave for New Orleans at which place he is booked to fight Fitzsimmons. July 4 is the time fixed for the fight to take place.

MUST COME TO AN ISSUE.

The Question of Parnell's Leadership Will Be Forced to an Immediate Solution.

DUBLIN, Dec. 4.—The United Ireland, Mr. O'Brien's organ, this morning publishes letters from Mr. Parnell which expose the fruitless efforts of that gentleman to prevent the appearance in its issues of articles and cartoons hostile to the Irish leader.

LONDON, Dec. 4.—At a private caucus of the anti Parnellite majority of Irish nationalist members of the house of commons it has been resolved to reject the compromise proposals of Mr. Clancy. It was also decided to force the main question at issue, that of pure leadership of the party to an immediate solution.

The report received here last night that municipal authorities of Cork had adopted a resolution recommending the retirement from the leadership of Mr. Parnell was erroneous. A resolution was passed by a majority of twenty-one in support of that gentleman.

Mr. James L. Carew, Irish nationalist member of the house of commons for the northern division of Kildare, has written from a sick bed to his colleagues here, announcing his adherence to Mr. Parnell.

On his arrival at the house of commons at half past 11 o'clock this morning. Mr. Parnell at once proceeded to the library where he disposed of accumulated correspondence.

In the house of commons to-day the government gave notice that it would ask a supplemental grant of 5,000 pounds with which to provide for a commission to inquire into existing distress in Ireland and to devise measures for its relief.

LONDON, Dec. 4.—In pursuance of the adjournment had yesterday on Mr. Clancey's suggestion that he would be prepared to offer a measure of compromise, which he hoped will be acceptable to the conference, the debates were resumed again after guards had been placed to warn those who had no business with the meeting. As soon as Mr. Parnell had taken the chair and the minutes of yesterday's session had been read, the reading of the anti-Parnellite manifesto issued yesterday from Dublin by the Roman Catholic hierarchy of Ireland was demanded. The reading of the document was received with prolonged cheers by Mr. Parnell's opponents.

The settlement of the Irish leadership question seems to show Parnell's fighting tenacity extorts a kind of advocation. He has played steadily for delay hoping to transfer the conflict to Dublin, where he may bring popular feeling to bear upon his opponents, and remove them from the influence of English opinion. He is encouraged in this game from the fact that in Tuesday's division he gained four members who had been against him on Monday.

Parliament, having made rapid progress, will adjourn in a few days, and the tories, as the language of the Times and other organs show, desire Mr. Parnell to remain leader, because this must injure the home-rule cause in England. If Parnell leads, defeat at the general election a few months hence is certain for home rule. The Irish members ought to see this, but with many personal feelings and a belief that he alone can work a united Irish party, outweigh all other arguments at present.

A compromise is advocated by Parnell's friends as a means of enabling him to retire with dignity; but many observers think it advisable to embarass the English liberals and gain capital for Parnell in Ireland by enabling him to pose as the defender of national cause. Nothing decisive may be expected for two or three days at least.

DUBLIN, Dec. 4.—United Ireland today says that, without regard to any compromise which may be suggested at to-day's meeting of the Irish nationalist conference by Mr. Clancey, Mr. Parnell must go. He must never again lead the Irish party. The Freeman's Journal expresses confidence that favorable progress will to-day be made on the basis of a scheme for compromise, which will be placed before the warring factions of the nationalist party at the London conference.

CORK, Dec. 4.—The harbor board has deferred its decision with regard to the matter of Mr. Parnell's continuance in the Irish leadership until Mr. Gladstone shall have pronounced his future policy with regard to home-rule for Ireland. This is taken to indicate the bent of Mr. Parnell's latest tactics, which is to force the liberal leaders' hands.

COMPROMISE REJECTED.

NEW YORK, Dec. 4.—A London special says that Mr. Clancey's compromise resolution was rejected at the Irish parliamentary meeting to-day.

GENERAL BAXTER.

Death of the Surgeon General of the Army at Washington.

WASHINGTON, Dec. 4.—Surgeon General Baxter, of the army, who was stricken with paralysis on Monday last, died at his residence in the city at an early hour this morning. Dr. Baxter was born in Vermont in 1837. He practiced law when a young man, and later became a physician, and in June, 1861, he entered the army as surgeon of the Thirteenth Massachusetts volunteers, and the next year became brigade surgeon. After the war, Surgeon Baxter was appointed assistant medical purveyor, with the rank of Lieutenant Colonel, and in 1872, President Grant promoted him to the chief purveyorship of the army, and he held the position until August 16 last, when President Harrison appointed him surgeon general.

VICTORY FOR WOMEN.

They Have Carried the Day and Will Be Entitled to Seats in the Methodist Conference.

PHILADELPHIA, Dec. 4.—The question "Shall women be admitted into the general conference as lay delegates," has been submitted to the congregations of all the Methodist churches in the United States, and the Philadelphia Methodist says to day, that enough of the returns have been received to show that the women have carried the day, and, so far as the popular will goes, they are entitled to seats in the general conference as lay delegates.

THE NEW WHEEL TRUST.

It Includes All But Two of the Factories of the West.

TERRE HAUTE, Ind., Dec. 4.—The American Wheel company, which has just raised the price of wagon and buggy wheels about 70 per cent., is a trust formed on the lines of the whisky trust and the straw-board trust. The inspiring promoters of the trust acquired their knowledge of the art of combination in these two trusts. For a year or more the manufacturers in the west have been trying to form a pool, but until about ninety days ago were not wholly successful. At that time several members of the straw-board trust took hold of the scheme. The first result is the increase in prices on Monday last. There are sixteen factories in the trust, and only one or two outside of it west of the Allegheny mountains. The output of all is 800,000 sets of wheels a year, a set being four wheels, and the increase in prices was an average of $2.50 a set.

The company is incorporated under the Illinois law and has general offices in Chicago. Some of the leading spirits in the trust here tell with much glee how the price was raised. It was decided to do so on the first of the month, but prior thereto absolute secrecy was maintained. On Saturday the new card of prices was mailed to the trade, it being calculated that no orders at the old price could be received before Monday, the 1st, when the new prices were to go into effect, and that the intervening Sunday would enable Uncle Sam's mail service to reach the trade in the company's territory by Monday morning.

THIRD PARTY MOVEMENT.

Glimpses of It Appear at the Alliance Convention.

OCALA, Fla., Dec. 4.—Glimpses of a third party movement appear at the Alliance convention. It is chiefly agitated by the Kansas delegation. Gen. John H. Rice, candidate for the Kansas senatorship, assisted by Captain Powers, of Indiana, is drawing up a call to be issued to the Farmers' alliance and all industrial unions of America which favor the principles of the St. Louis platform, to meet in convention in Cincinnati the 23rd of next February to consider the third party, or people's party movement. The name of this party will be the "National Union Party of America." This call is not expected to be issued before the close of the Ocala convention. The efforts seems to be to keep the farmers alliance from inaugurating the new party and yet to make it in the main establish the new national party.

FAMOUS TROTTER DEAD.

He Was Worth $11,000 and Had Many Fast Sons and Daughters.

SAN FRANCISCO, Dec. 4.—The famous trotter, Electioneer, died at the Palo Alto stock farm yesterday. Rheumatism, from which he suffered a long time, was the direct cause of his death. Electioneer, was a stallion. He was purchased eleven years ago by Senator Stanford from the Stony Ford stock farm, for about $11,000. He was twenty-five years of age and had eleven sons and daughters, all of whom had records of 2:30.

Killed a Wild Cat.

ROCKPORT, Ind., Dec. 4.—While 'coon hunting, last Friday night, Mr. Sam Westfall, of Grandview, killed what is supposed to be a wild cat. It was a fierce looking animal and measured four feet and a half from head to tail. This is the second one of these animals killed in this county within the past year, the first one measuring five feet from head to tail, and killed two dogs before killed by the hunters who discovered it in the woods.

Belknap's Widow Destitute.

DES MOINES, Ia., Dec. 4.—It is understood that the accounts of the late Gen. W. W. Belknap are in bad shape and that his widow is in need of ready money. For that reason the executive council is allowing a few hundred dollars due General Belknap as agent of Iowa in pressing war claims. The warrant was issued to Mrs. Belknap instead of the administrator of the estate.

RETIRED RIFLES.

Captain Bulger Receives the Discharge of Twenty-Four Militia Men.

Twenty four members of the Fort Wayne Rifles, will, at the next meeting of the organization, receive their official discharge from the ranks. They can no longer sport brass buttons or handle guns in the Indiana militia, for they are retired positively and finally from the service. Captain C. J. Bulger, who takes a great pride in the popular Rifles' welfare, had an alarming number of drawbacks who failed to respond to the drill call issued by him. Not caring to have the progress of the company dragged down or its good name blighted, the officer submitted the names of truant members to Adjutant General N. R. Ruckle, who considered the matter carefully and had the discharges filled out for twenty-four unfaithful men as above stated. There will be wailing when the adjutant general's orders are fulfilled, but they must be adhered to. The young men who have thus been let out of the service are dismissed with an honorable discharge, in this manner saving them from disgrace. The names are not obtainable. Captain Bulger still has thirty five good men under his command and candidates will be mustered in. The young captain is to be commended for the military spirit he manifests in his successful efforts to keep his company to the front.

A MILITARY SCHOOL.

Commissioned Officers to Correspond With Regimental and General Headquarters.

Last evening a number of commissioned officers met at Dr. E. L. Siver's office, to discuss the advisability of organizing a military school, the object of which would be to study the tactics and keep posted on all the military maneuvres so necessary in perfect drilling. Major E. L. Siver was chosen chairman, and Captain C. J. Bulger secretary. It was decided to organize, with the following commissioned officers of this city: Major E. L. Siver, surgeon second regiment; F. R. Weldon, major of third regiment; C. E. Graves, lieutenant colonel of the Knights of Pythias; C. J. Bugler, captain of Fort Wayne Rifles; Wallace Mungen, captain of the Zollinger battery; W. W. Barnett, assistant surgeon Second regiment; lieutenants, Will Peltier and Will Kerr, of the Rifles, Will Ranke and Dave Eckert, of the Zollinger battery, and Doswell and Fox, of the Knights of Pythias. Another meeting will be held next Wednesday evening, at which time a name for the new organization will be suggested. The school will be in correspondence with West Point and the regimental and general headquarters for the purpose of keeping well informed on military matters of the day.

HEAVY RAINS

Falling in California and They Are Welcomed.

SAN FRANCISCO, Dec 4.—A rain storm set in Tuesday night and continued all day yesterday at many points in the state, north of Los Angeles. There is every prospect of the storm becoming general throughout the state. The rain is very welcome at the present time and little or no damage is expected to result from its continuance. The fall was unusually heavy in this city througout Tuesday and all day yesterday it continued at intervals. The sea was rough at the bar at the entrance to the harbor so that several vessels which were to sail yesterday were detained. Snow has fallen in the Sirre Nevada mountains ranging from four inches at Truckee to a foot in depth in Cisco. At noon yesterday snow was still falling.

A LONG HAIRED DOCTOR

Jumps From a Second-story Window and Escapes.

HARTFORD CITY, Ind., Dec. 4.—The sheriff and marshals of this city, had an exciting chase after Dr. Zero, a long-haired Indian, last night. Besides managing the Choctaw medicine company's shops at the opera house, the doctor was charged with practicing medicine without a license. Zero fled to Montpelier, this county, and when found by the officers was giving a lecture in one of the halls there. He jumped from a second-story window and escaped. The officers followed him several miles, but gave up and came home without their prisoner.

HE STEPPED OUT

And When He Returned in Five Minutes the Money Was Gone.

ZANESVILLE, Ohio, Dec. 4.—At 6 o'clock this morning the United States express messenger left a sachel containing several thousand dollars in packages hanging up in the office at the Baltimore and Ohio depot, while he stepped out on business. He locked the door, but when he returned, five minutes afterwards, the door was unlocked and the contents of the sachel gone. The express officials are reticent, refusing to say how much the loss is. Detectives are at work.

A Descendant of Columbus Dying.

MADRID, Dec. 4.—The Duke of Veragua, the only living lineal descendant of Christopher Columbus, and late minister of the interior, is very ill, and will probably live only a short time. He is president of the Columbus association.

MORE BEEF IS NEEDED

Senator Voorhees Offers a Solution for the Indian Scar

WASHINGTON, Dec. 4.—In the senate yesterday in presenting a petition for an amendment to the tariff bill in relation to the rebate on manufactured tobacco Mr. Allison said that the conferees on the part of both houses agreed to that section of the tariff bill as the conference report would have disclosed, but that it had been omitted in enrollment. He had no doubt that the matter would receive early attention

A long and interesting discussion took place on the subject of the threatened Indian war apropos of a joint resolution to issue arms to the states of North and South Dakota and Nebraska, Mr Voorhees having charged the situation to the fact of the Indians being starved and being replied to by Messrs. Dawes and Pierce. The debate was interrupted at 2 o'clock by the election bill coming up as the unfinished business. Mr. Turpie thereupon opened the discussion in opposition. At the conclusion of Mr. Turpie's speech the senate adjourned.

The house to day passed the bill providing for the punishment of every guardian, or other person, for the embezzlement of the pension of his ward. Mr. Atkinson called up the bill to facilitate the settlement of military and naval claims against the United States for pay bounty and allowances. Pending action the morning hour expired, and the house went into a committee of the whole on the pension appropriation bill.

WASHINGTON, Dec. 4.—The president and Secretary Blaine are seriously considering the appointment of Congressman Morrow, of California, as minister to Guatemala in place of Lansing B. Mizner, recalled.

WASHINGTON, Dec. 4.—The inquiry of the census office into mortgage indebtedness is nearly completed. The report will be very interesting and valuable. Out of nearly 2,800 counties, only ten remain at the present time incomplete, the mortgages for ten years having been abstracted from the records. A total of something over $85,000 000 in mortgages has been found, the largest number in the western states. Relatively speaking the southern states were found to be much freer from these incumbrances than the northern. An exception, however, to this is noted in the newly developed manufacturing districts of Alabama, Tennessee and Georgia. In districts like that of Birmingham the mortgage indebtedness is large, but 9 per cent. has been contracted for purchase money, for land, etc. In other districts of the south mortgages are given as security for "farm supplies," but this is an unimportant object of indebtedness in the north.

THE CARELESS BOY

Throws a Match Where He Ought Not to and a Big Fire Results.

NEW YORK, Dec 4—The seven story mattress factory, Nos. 103 and 105 Mott street, occupied by George Heiman was completely gutted by fire this morning. The loss is estimated at $60,000 nearly covered by insurance. All the hands had not got to work when the fire occurred. A boy named Henry Keiser is responsible for the fire. His duties call him to the factory early. He lighted the gas and carelessly threw the match into a lot of explosives and varnish, which ignited. The flames spread rapidly and soon communicated to all parts of the structure. The loss on contents and machinery is $35,000; on building, $25,000.

CINCINNATI, O., Dec. 4.—The tank of potash at the old chemical works, on Youngbluth avenue, exploded about 8 8 o'clock this morning. Two men living near by were horribly burned. One was black as a negro from the shower of chemicals, and it is believed that he will not live. Several other persons were more or less injured. Several fire companies were ordered out

NEW YORK, Dec. 4.—A fire early this morning, which started in the basement of the five-story flat house. No. 205 West One Hundred and Nineteenth street, quickly ascended the elevator shaft and burned out the ten floors. Much excitement prevailed among the tenants and while some made their way out of the building by the stairs others got down the fire escapes, all reaching the street in safety. The loss to the tenants is estimated at $10 000, and damage to the building at $5,000.

STRINGER SUIT SETTLED.

Judge Dawson Decrees a Big Foreclosure--Cullings From the Various Courts.

This morning, in the superior court, Judge C. M. Dawson decreed a foreclosure of mortgage in the suit of Harrison Flint vs. Elza T. Stringer, for $7,000. The action was brought to recover on notes issued by the defendant to plaintiff for $6,432 92, the same being secured by lots 92, 93 and 94, Williams' addition, the beautiful residence property of Mr. Stringer, on West DeWald street, which was built and owned for a time by Mr. Ray. Two judgments against Stringer, amounting to $4,075.80, in favor of Dr. A. J. Laubach, as executor of the will of Dr. Trexler, deceased, which had been previously rendered, are to be secondarily considered, the present judgment being paramount. The sheriff has been instructed to sell the property, then, if enough remains to satisfy Dr. Laubach's judgments, they, too, shall be paid.

SPRUNG A SURPRISE.

Miss Emma Bender, of This City Wedded at St. Louis.

Last Thursday, in the First Presbyterian church at St. Louis, Mo., occurred the marriage of Miss Emma, the vivacious and winning daughter of Mr. and Mrs. Reuben Bender, of 27 Grand street, this city, to Emil Rosenthal, a young gentlemen who formerly made his home in this city. While the alliance is not in the nature of an elopement, it comes a surprise to the many friends of both parties.

The circumstances of the marriage are that Miss Bender left this city last Thursday, and according to appointment, met Mr. Rosenthal at Indianapolis. They proceeded thence to St. Louis, where they were made man and wife. The young couple returned to Fort Wayne Saturday and left Monday for Vincennes, Ind., their future home, Mr. Rosenthal being connected with the hotel of Fred N. Needham, who left the Rich hotel in this city to open up his present hostelry at Vincennes.

The bride is well-known here and has many friends. The groom will be remembered as a former clerk in Ben Lehman's U. S. clothing house and also of Friend's Enterprise. The popular young people have the well-wishes of a large circle of friends.

Gould stock is evidently on the rise. O. L. Perry yesterday refused an offer of $100 for his white poodle, "Jay Gould," made by Mr. J. D. Thayer, the grain dealer, of Warsaw, Ind. The royal "purp" will continue to serve as a paper weight on Mr. Perry's desk.

COLONEL ALEXANDER, of Van Wert, United States district attorney for northern Ohio, is very ill at his home in Van Wert, and no hopes are entertained of his recovery. He has many friends in this city.

THE Muncie city government ordered the saloons of the city closed on Sundays on account of the prevalence of lawlessness on that day. Last Sunday was the first trial of the new order of things, and it seems to have been a great success.

IT IS estimated that 5,000 persons die of consumption in New York city alone annually, and that in this country the deaths from this disease every year reach 200,000. If Professor Koch's cure for consumption is a success, what a grand boon it will be.

REPRESENTATIVE OWEN, of Indiana, chairman of the house committee on immigration, has introduced a bill making it unlawful under certain conditions for foreigners to immigrate to the United States, and imposing penalties for violation of the law.

MRS. MARY TURPIE, mother of Senator David Turpie, Indiana's able United States senator, was burned to death near Delphi, Ind., yesterday. She was arranging the fire in an old-fashioned fire place when her clothing was ignited. She was nearly ninety years of age.

THE penitentiaries of Texas have contributed $71,000 to the state treasury during the past year. Some fellow will be advancing this as an argument after awhile in favor of crime. If it wasn't for criminals to put in these penitentiaries they wouldn't be employed, and the state wouldn't get this $71,000.

THE democratic senators held a caucus yesterday to discuss the order of business. The chances of the passage of the election bill, if it should reach a final vote, were canvassed and individual senators expressed diverse opinions as to the ability of the republican party leaders to keep their forces in line. The conclusion was to maintain an unalterable opposition to the passage of the bill.

THE people of Peru have petitioned the council to prohibit the posting of bills in the public places representing girls in tights and scanty clothing. "This abuse," the Logansport Pharos says, "is being discussed in all parts of the country, and in Chicago and many other cities, the show people are no longer allowed to use such questionable paper." What is the use of prohibiting the posting of such bills when the scenes represented are enacted on the stage at the theater?

REPRESENTATIVE FRANK ADER, of Putnam county, has drafted a salary bill which he will introduce in the coming legislature. The bill was prepared at the request of the Farmers' alliance of Putnam county. Mr. Ader's bill proposes to grade the salaries of county officers according to the population of the county. The bill provides for nine grades of salaries. Salaries are made to range from $750 to $3,000. The bill also provides that county commissioners shall fix the number of deputies in each office. Some of the officers are to be paid in part by fees.

THE state assembly of the Knights of Labor is in session at Huntington. L. O. Kasten, of this city, who is a member of the executive board, is in attendance. The sessions of the assembly are held with closed doors and only officers and delegates are allowed a seat in the meetings, not even private members of the order being allowed present. The first meeting yesterday, however, was an open session, in which all K. of L members were admitted to a seat. Some twenty-seven delegates from different localities in the state were present at this meeting and it is understood that the most encouraging reports for the success of the order that have been received for years, were among the gratifying features of the meeting.

OUR BARBERS.

The Sentinel Reporter Talks About the Boys Who Handle the Razors.

But few occupations in life are more necessary to the comfort of men than that of the barber. There was a time when he was not such an essential part of our community as now, but that was a long time ago, when men either let their beards grow or shaved once a month, or week, at the least. But now, when a man finds it necessary to drop into a barber shop three, four and five times a week to be shaved, the manipulator of the razor and the shears becomes a very important personage, and those who patronize him are unanimous in the verdict that this world would be a very unhappy one if the barber did not exist. Some men, it is true, can shave themselves, but they cannot do it with the dexterity, ease and cleanliness with which a barber can, for his tools are always "in shape" and he knows how to "get over the roughest of beards." The barber is here to stay. He will live as long as the world lasts and will always find customers. Even in death he is called and under his dexterous hand the face of the dead is made to present a clean and neat appearance. All honor to the barber, we say. Let him hold his international conventions and deliberate upon the best methods for the advancement of the interests of his profession, as he is now doing in this city.

Barbers are of great antiquity, if not for the shaving of the beard, at least for the shaving of a portion of the head. The office of the barber is referred to by the prophet Ezekiel: "And thou, son of man, take thee a barber's razor, and cause it to pass upon thine head and upon thine beard." In all oriental countries, including China, the shaving the whole or part of the head continues to be performed by barbers.

Other cities may have good barbers, but we venture the assertion that none have better barbers than we have here in Fort Wayne. Our barbers always keep their razors sharp, they are the easiest and cleanest of shavers, they are pleasant, industrious and intelligent, and can talk religion, politics, base ball, horse, or any subject within the range of infinite mind, when occasion requires. They have opinions and they know when to express them and we might wind up this branch of our subject by saying that Fort Wayne barbers are to the front in everything that is essential to know in connection with their business.

And they constitute quite a little army, too. There are in the city of Fort Wayne to-day probably 135 men actively engaged in the barber business, and others who follow it when out of other employment. There are forty-five shops. Twenty-eight of these belong to the Barbers' union, being governed by the rules and regulations laid down by that association and employing none but men belonging to the Barbers' union, and seventeen are non-union shops. The list of the establishments in this city, as correctly as we are able to get them, is as follows: Benninghoff & Futter, Alfred Bass, Bryant Brooks, N. C. Browand, Alexander Bailey, J. W. Brown, John Brunskill, Edward Collins, Ehrman & Geller, J. B. Fink, Christian Fuchs, Henry Gardt, Henry Guenther, Elmer Guffin, Charles Halstead, S. G. Hubbard, Louis Jully, J. H. Kabisch, Kime & Brown, John Gloeckle, Henry Lauer, John Lauer, Lichtenwalter & Butler, Simon Marks, S. R. Miner, Mommer & Stevenson, Matthias Momper, John Munich, G. J. Nichter, L. B. Pegg, Jerome Peters, J. H. Roberts, George Roos, Edward Schele, Sherman & Owens, C. A. Shidel, J. G. Steiss, jr., Stier Bros., Louis Uplegger, Wackerman & Wilkin, Walter & Ellert, R. H. Whitfield, H. A. Westerman, O. P. Wilkins, Gerney Winslow, Oscar Wobrock.

Most of the shops are conducted by white men, there being, we believe, only six establishments in this city in which colored men are employed. The Sunday law is in force with all of them, and none of them do business on the Sabbath day. The union shops open at 7 o'clock in the morning and close at 8 o'clock at night, and charge ten cents for a shave and twenty-five cents for a hair cut. The wages paid the workmen are $10 a week. This is the minimum rate, established by the union, although it does not prevent the payment of higher wages, some of them receiving more than this.

The union in this city is in a flourishing condition. It was organized a year ago last June, and has a membership of forty-seven. The following are the officers of this association, which is known as the Fort Wayne Journeymen Barbers' Union: President, Isaac Sweinhart; vice-president, C. H. Henker; recording secretary, George Rosse; financial secretary, Henry Homan; treasurer, William Miller; trustees, Chas. F. Henker, Wm. Miller, and George Oppelt.

Mr. Roland Reed, the well-known and popular comedian, will be at Masonic Temple to-morrow evening, when he will, supported by his own comedy company, present his latest comedy success, entitled, "Lend me your wife." The Mail and Express of Brooklyn thus speaks of the comedy: "A large audience filled the Grand opera house last night to witness the introduction of the comedy, "Lend Me Your Wife," arranged for America by Dion Boucicault and Sydney Rosenfeld. Roland Reed appeared in an entirely new characterization, Captain Abner Tarbox, a mild-mannered man.

FOUR SCORE AND TWELVE.

The Ninety-Second Birthday Anniversary of Rev. Almon Virgil.

Last Friday evening an eventful party was held at the residence of Mrs. Dr. Virgil, corner of Monroe and Charles streets. It was an occasion to celebrate the ninety-second anniversary of the birth of Rev. Almon Virgil, father of the late Dr. T. S. Virgil, who was regarded as one of the most prominent physicians in the city. The venerable gentleman was present and was happily impressed with the little demonstration given in his honor. Rev. Virgil retains his faculties and physical vigor to a remarkable extent, due greatly to his moderate habits and manner of living. He is pleasant, always cheerful, and an interesting conversationalist. Among those present who were his most intimate friends were: Dr. and Mrs. W. T. Ferguson, Dr. and Mrs. K. K. Wheelock, Dr. and Mrs. H. A. Read, Dr. and Mrs. G. B. M. Bower, and Secretary and Mrs. D. F. Bower. The Rev. Virgil has been a resident of Fort Wayne seventeen years, ever since he retired from the pulpit. May he live to be with us and cross the century line is the hopeful wish of many of his friends.

A COMPULSORY SCHOOL BILL

To be Urged in the Legislature This Winter--Public Sentiment.

(Indianapolis News.)

A strong effort is to be made to have the legislature, which convenes next month, enact a compulsory education law. The movement in favor of the law is being pushed by the city and town superintendents and teachers and by nearly all the county superintendents in the state. The county teachers' institutes, which convene in nearly all counties during the holidays, will be requested to pass resolutions calling upon the local representatives in the legislature to support the compulsory bill. Quite a number of institutes have already been held and they have all declared in favor of the proposed law.

The State Teachers' association, which will convene in this city in a few weeks, will also be urged to declare for compulsory education, and will be requested to send an appeal to the legislature for the enactment of the desired law.

Anxious as the common school workers are for the compulsory law, the opinion among politicians of both parties is that this democratic legislature will not have the courage to take up the question. It is looked upon as a dangerous one for any party to attempt to deal with and as the democrats in Wisconsin and Illinois have been opposing compulsory education, there are but few practical politicians who think the party in this state dares show courage enough to answer the demand of nine-tenths of the men and women engaged in the common school work.

Some school men think there is an opportunity for the Indiana democrats to redeem the party from the vulnerable position it has been placed in Wisconsin and Illinois.

My Lungs were badly diseased and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining twenty-six pounds in weight."

OUR MODEL INSTITUTION.

Annual Report of the Trustees of the Indiana School For Feeble Minded Youth.

The twelfth annual report of the superintendent and board of trustees of the Indiana School for Feeble Minded Youth, located in this city, was filed with the governor yesterday afternoon. The total receipts from the state treasurer for the fiscal year ending October 31, 1890, were $78,238. Of this amount $3,000 belonged to last year's expenses, being a deficit appropriation of two years ago and not drawn until the beginning of the present fiscal year. The occasion for this large expenditure was in consequence of moving from Richmond to Fort Wayne and the attending expenses of occupying new quarters.

The report of Superintendent John G. Blake makes an intelligent showing of the institute's condition and needs. For the first time the fiscal year finds the home in its own quarters. November 1, 1889, there were 262 children on the rolls. Since then the number admitted has been 74, returned from vacation 3, making a total of 339. During the year 9 boys and 6 girls were discharged. Seven afflicted ones have died, two are absent visiting friends. On October 31 the number in the institute was 315, and at the end of the present year the number is 317. Of that number 79 are epileptics, 15 parlaytics, 9 idiotic, and of the remaining more than one half evince low symptoms of imbecility and partial idocy, while the remaining few constitute the better grade known as the feeble minded. "Thus it will be seen," says Mr. Blake, "that we have met the full requirements of the law, and have not refused any children, however greatly afflicted, the care and protection of our institution." The health of the inmates of the institute has been during the year very good, much better than would be expected with the classes to which they belong. Once the influenza appeared and spread until more than half the inmates were afflicted, but no death was directly due to the epidemic. The report of the industries is very creditable. In the shoe shop 290 pairs girls' and 343 pairs boys' shoes were made, a total of 633, and the total number repaired were 2,314. If the repairs had been made outside the institution the costs would have been $1,388 40, while the actual cost is $809.90, a saving of $578 50. The making of the shoes would have amounted to $2,205.50. The real cost as it is amounts to $886.20, being a balance of $1,322.30, and this added to sewing on repair work makes the total amount saved $1,900.80. In the mattress and upholstery department were made 258 husk mattresses at $2.45 each, 91 cotton mattresses at $2.45 each, 120 feather pillows at $1.26 each, 120 husk mattresses renovated at $1 each, 10 pair sham pillows at 75 cents a pair. In the tailor shop were made 364 pants, 271 coats, 157 shirts, 54 suits of underwear, 12 white coats, 358 dresses, 162 aprons, 298 drawers, 142 skirts, 94 underwaists, 654 night gowns, 445 towels, 266 sheets, 20 vests, 187 pillow cases, 94 table cloths, 212 mattresses, 24 corset covers, 54 bedspreads, 190 night shirts, 534 napkins, 185 pairs knitted stockings, 29 pairs socks, 49 comforts, 14 sundries, a total of 4,564 articles made for the institute. Eight hundred thousand pieces were laundered during the year. The results in the farming and gardening departments far exceeded the expectations of the superintendent and trustees, and next year they expect to have all the "truck" necessary for the home. Twelve thousand native forest shade trees have been planted; the grounds graded, hills leveled, driveways and walks made, etc. The permanent improvements made are numerous; besides sleeping rooms, storage rooms, an outside scullery, a commodious pump and hose-reel house has been constructed, and 6,152 feet of fencing has been constructed. Superintendent Blake strongly urges the necessity of the erection of two school houses of not less than eight rooms each. "The reason for the large expenditure during the past year has been the failure to obtain water, necessitating the sinking of two large wells, each 300 feet deep, building new pump house, purchase of a large fire pump, extending the water lines for fire protection has aggregated over $6,000. Erecting over 6,000 feet of fencing, $2,300; construction of rooms, etc., $1,800; ditching and tiling grounds, $1,600; expense of moving, $8,000, with other incidents, amounting to nearly $19,000. This, taken from total receipts, shows total expenditures for maintenance during the year have been less than $60,000, which is $3,000 less than the per capita appropriation of $15 per month." The purchase of more land is urged by the trustees and superintendent. The excellent management of the institution reflects great credit on Superintendent Blake and his corps of assistants. They have made the home one of the model institutions of America.

Henry Drage's Children Stricken With a Critical Illness.

This morning Dr. G. B. M. Bower, of this city, was summoned to Hesse Cassel, in this county, to attend the children of Henry Drage, a wealthy farmer of that place. The sufferers are three in number and they have a severe and probably fatal attack of pneumonia. Mr. and Mrs. Drage are seriously alarmed over the sudden visitation of a disease that proves fatal in so many instances.

Reducing Forces.

OMAHA, Neb., Dec. 3.—Over 100 more men in the employ of the Union Pacific will be thrown out of employment by an order issued from the headquarters of the road yesterday for further reduction of the force. This will make a total reduction within the last few days of 290 men.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

Busy wives who use SAPOLIO
never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

Grocers often substitute cheaper goods for SAPOLIO, to make a better profit. Send back such articles, and insist on having just what you ordered.

Employment will also be given to many home mechanics besides those brought along with the plant.

A Telegraph to the Brain

From the stomach is the great sympathetic nerve in the epigastrium. Let digestion become seriously disordered and that disorder is sure to find a reflection in symptoms which react disadvantageously upon the organ of thought. Insomnia, nervousness, causeless depression and anxiety are all manifestations of dyspepsia. The best means of remedying and restoring tranquillity to brain and stomach, and of regulating, it may be added, bilious secretion, is to take a wineglassful of Hostetter's Stomach Bitters before meals during the day and before retiring. This course begun, reform in the direction of complete bodily well-being has begun with it. Constipation, sick headaches, neuralgia, rheumatism and malarial complaints are among the troubles in which the Bitters is speedily and thoroughly beneficial. Don't delay, but take the sure course at once.

Careful—Come out and take a walk. "No, the sky is gray, and gray is not becoming to me.

LIVING IN HOPE.

The Congregationalists Expect to Have a Modern Church Building.

The pride exhibted by the members of the Congregational church over the contemplated erection of a new edifice, is certainly commendable. The congregation come naturally by this pride when such a man as Rev. J. S. Ainslie is at the helm to inspire it. The present church at the corner of Washington and Fulton streets, is built upon leased ground owned by Stephen C. Taber, of Logansport. This lease will expire March 1, next, soon after which time the trustees hope to have a new church building under construction. The congregation have already pledged $4,000 for the purchase of a lot. The question of a site will require some discussion, but it is believed that the present property will be purchased. The present church building was built at a cost of $5,000 and is now owned by the congregation. The ideas of Pastor Ainslie will be carried out when a new building is erected. The edifice will be strictly modern and will have literary and social rooms open to members every day in the week.

It is a mile long, extending along the north bank of the Maumee river from the old Main street bridge to the edge of the Wiegman farm, at the Maysville gravel road. In its construction fully 100,000 wagon loads of earth were used and seventy-five men were given almost steady employment. The dyke is thirty-five feet wide at the bottom, twelve feet wide at the top, and the sides are sodded, making it a beautiful ornament as well as a nice driveway. The average height is ten feet, ensuring safety from any unusual rise of the river, the mound being about four feet higher than the highest water ever known. This big improvement cost the Land and Improvement company $18,000.

BRING IT HERE.

An Eastern Factory Coming to This State.

The thought is entertained that another eastern factory may be brought to Indiana, and an effort should be made to have it locate in Fort Wayne. The Arcade File works, the oldest and one of the largest and most enterprising concerns in the country, located at Sing Sing, N. Y., is considering the advisability of moving its entire plant to a location where increased facilities for manufacturing may be had. It finds this step necessary, owing to the steady growth of business, and to the lack of of space in which to extend the works. The concern employs 150 hands and proposes enlarging so as to double its production.

Officers Elected---Grand Rapids the Next Place of Meeting.

The International barbers' convention held their meetings to-day with closed doors, and transacted considerable business.

The following officers were elected: President, J. C. Myers, St. Paul, Minn.; first vice-president, C. Rowedder, Denver, Col.; second vice-president, L. H. Jones, Findlay, Ohio; third vice-president, I. C. Sweihart, Fort Wayne; fourth vice-president, C. Koontz, Memphis, Tenn.; treasurere, Louis Schneider, Columbus, Ohio. The president and first vice-president will do the secretary's work.

The Industrial Age, published at St. Paul, was adopted as the official organ. The place of next meeting was chosen, resulting in the selection of Grand Rapids, Mich., the meeting to convene on the first Monday in December, 1892.

The Consumers' trust gas company, of Kokomo, which was organized to resist the extortionate demands of the natural gas company, after subscribing $53,000 stock and paying a 10 per cent. assessment, petered out. INDIANS IN COURT.

Lum-Kik-Cum-Wah and Chick-Go-Sa-Wah Assert Their Rights.

An interesting suit has been brought in the circuit court, the parties to the same being James P. Schapp, an Indian born, whose native name was Lum-Kik Cum-Wah, against Charles W. Fairfield and Charles Fairfield. The action is against C. W. Fairfield as guardian upon his bond and Charles Fairfield as surety. The facts of the case as cited are that C. W. Fairfield was on February 9, 1882, appointed guardian of John Schapp, whose Indian name is above given and Rose Brownsberger, whose Indian maiden name was Chick-Go-Sa-Wah, then the infant heirs of Mary Brownsberger, formerly Mary Schapp. It is alleged that said Charles W. Fairfield came into possession of $4,000, which came into his hands as guardian. That said wards are now of matured age and eligible to their money which it is alleged the guardian refuses to surrender. Colerick and France penned the complaint.

WINTER WISDOM.

[Exchange.]

Don't be afraid of fresh air, but avoid draughts.

Don't go out of doors for a second without extra covering.

In selecting your winter underclothing, choose that which is warm and yet more or less open in texture.

Take off your overcoat when you enter a warm place, whether office or private dwelling, even if your visit is to last only three minutes.

If you catch cold or develop a cough, get rid of it at once. This is better than feeling "blue" and thinking that pneumonia or consumption has marked you as a victim.

The best remedy for a cough or cold (however stubborn) or sudden chill, is pure whiskey. A dose of whiskey in water will impart a generous warmth to the whole body and keep off the disease of the season.

Don't forget that only pure whiskey should be taken. Duffy's Pure Malt Whiskey has the strongest recommendations from the leading doctors as to its efficiency, and from the most prominent scientists, as to its purity. It is the only standard medical whiskey. Take no other from your druggist.

FOR ❋ CHRISTMAS ❋ AND ❋ NEW ❋ YEARS.

FRUIT HOUSE PRICES.

In many instances there has been little change in prices, especially in staple goods. The sugar market has been steady, the clique who has had hold of it being afraid to advance prices. In consequence of the tariff agitation this was not so last year where in one instance inside of 30 days they sent prices up over 3c. per pound.

Coffee A. Standard, 6½c. Coffee C. Extra Yellow, 6c.
Granulated, Crushed and Powdered, 7c.

The Tea market in second grades has been much higher; these qualities have advanced over 5c. In the first qualities there has been no change; fortunately we had a large supply before the advance which enabled us to continue to sell to our customers at old prices. Our motto in dealing in Teas, like other goods, is to buy in large quanities and we sell direct to the consumer, thereby saving to our customers the profits of the jobber and speculator, which is not less than 10 and 20 c. on the pound. This is the secret in the success of our Tea trade trade-large sales and small profits.

Young Hyson Tea, good, 20c.; choice, 30c.; best, 50c. lb.
Imperial Tea, extra, 30c; best, 50c lb.
Gunpowder Tea, extra, 30c. lb; best, 50c lb.
Oolong or Black Tea, extra, 25c.; best, 50c. lb.
Japan Tea Uncolored, choice, 30c; best, 50c lb.

COFFEE, COFFEE—Rio, Mocha, Java and Roasted Coffee.

There are indications of a great decline in coffee the next two months as receipts in Rio and Santos are very large, and this being shipped to New York will compel the clique who has had hold of the market to let go, and in consequence the market will go down: Prices remain as last quoted:

Best Rio Coffee, 23c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.
Sampson Brand in Packages, 26c. Jersey Coffee in Packages, 26c.
Durham Coffee in Packages, 26c. Levering's Coffee, 26c. lb.
Cordava Coffee 1lb. pack 26c.

The Christmas trade in toys and presents promises to be large this season, and in consequence of such a demand we have laid in an immense supply of all kinds of toys and fancy goods suitable for presents for old and young. They are too numerous to mention them in detail, but we have dolls of all kinds and sizes from the 1c doll up to the $1.50 dressed doll. Fancy plush albums, very nice presents they make, and always acceptable, from 25c up to $2 50, and 75c and $1.00 albums are an exceedingly great bargain. Then we have tin toys, iron toys, masha toys, such as lions, birds, dogs, cats, tigers, elephants, chickens, Noah's arks, block houses, games, picture books, dulcimers, violins, toy guns, toy pistols and Christmas trees, candles and Christmas tree orniments of every variety, and some very beautiful ones from 1c up to 25c each. Toy candies for Christmas decorations and children's presents, 20c. lb. Fancy animals and birds in candy toys in every variety from 1c. each up to 15c. each. SITTING BULL

Would Have Been Captured by Buffalo Bill Had Not Government Orders Been Countermanded.

LACROSSE, Wis., Dec. 4.—Dr. Frank Powell returned to his home in this city yesterday, from Standing Rock agency, N. D., accompanied by William F. Cody (Buffalo Bill) and B. H. Haslan (Pony Bob). Col. Cody stated that his party was in the heart of the Indian country, seventeen miles from the camp of Sitting Bull, where the ghost dance was in progress.

"Our mission was to capture Sitting Bull," said Colonel Cody, "and we would have accomplished our object had not a courier overtaken us on the edge of the reservation with dispatches from the president ordering our party to return without carrying General Miles' orders into effect. Our trip was not attended with any dangers. The trouble as it now is is unprecedented. Our party traveled 1,506 miles in less than seven days and our surprise was great in being recalled from our mission. We could have taken the Bull, horse and all into captivity, I am sure, without the loss of a single life. It is impossible for me to tell at this time whether the uprising will result in the destruction of thousands of lives and homes or in a peaceable settlement. It looks dark to-day, but the military may be able to handle the matter satisfactorily. We were sent out by the United States government and did our duty until called back. I am here awaiting orders from the war department and should General Miles order Powell and myself across the country at once, we will take the iron horse as far as we can go and then the saddle and take Sitting Bull and all his family, if our orders so read. I am hourly expecting orders to get to the front and the same party will accompany me."

SAN FRANCISCO, Dec. 4.—Brigadier General Gibbon, commanding the division of the Pacific, in compliance with an order from Major General Schofield at Washington has directed Col. Wm. L. Shafter, commanding the first infantry regiment to proceed to Omaha to-day. Colonel Shafter has been ordered to have his regiment fully equipped for the cold, including tents for winter service. The colonel is directed to communicate with General Miles en route so that further orders may be received from General Miles by the time the regiment reaches Cheyenne. The quartermaster has provided eleven tourist cars and one Pullman to convey the troops. The train left early this morning.

HAD TWO LOVERS.

And the Disappointed One Wants $10,000 for Slighted Affections.

PARKERSBURG, W. Va., Dec. 4.—At Cadiz, on the Ohio side of the river, yesterday suit was brought by Jennie Ankrim against Wm. Morris for $10,000 damages for wounded affections. Morris was paying attentions to Miss Ankrim last summer, and at the same time to Miss Coventry, who lived some miles away. He recently eloped with Miss Coventry, but still kept up his attentions to Miss Ankrim, the latter not being aware of his marriage. When she learned of it yesterday, she brought suit for damages.

DIPTHERIA SPREADING

With Alarming Rapidity at the City of Indianapolis.

INDIANAPOLIS, Dec. 4.—The fear that diptheria would become epidemic in this city has been realized and cases are being reported to the health office at the rate of fifteen a day. Yesterday a total of ninety-five had been reported within the last few days and physicians report the disease as spreading to an alarming extent. The danger is regarded as so imminent that the board of health held a special meeting to devise means for preventing the further spread of the disease.

Sensational Discoveries.

KANSAS CITY, Mo., Dec. 4.—Sensational discoveries were made yesterday at the session of the Trans-Missouri Freight association. The grain dealers of Kansas City have made application for a readjustment of alleged discrimination in rates. The Missouri Pacific displayed bills forged by certain grain dealers and representatives of three of the western lines so as to make the rebate on shipments in transit appear large enough to make a great reduction in the freight rates. The names of roads and of grain dealers implicated are not given. The application for a readjustment in rates and the granting of railroad consignment privileges were not acted upon.

Predicts Bloodshed.

HALIFAX, N. S., Dec. 4.—The Herald will print to-day a letter from Mgr. Hawley, prefect apostolic for the west coast of Newfoundland on the collapse of the British-French fishery negotiations. Mgr. Hawley advocates the creating of a new province of West Newfoundland as the only solution of the difficulties and predicts bloodshed unless a settlement is agreed upon.

Natural Gas Explosion.

SHELBYVILLE, Ind., Dec. 4.—Natural gas exploded in Dr. J. R. Rucker's property, on North Harrison street, in the morning, setting fire to the house. Mrs. Rucker was badly burned about the head, throat and arms. Her two small children were also severely burned.

FEDERATION OF LABOR.

Ballot Reform to be Discussed at the Convention Next Week.

PITTSBURG, Dec. 4.—Delegates from three national organizations which have their headquarters, and from four independent unions, will attend the convention of the American Federation of Labor, which meets in Detroit next Monday. An official of the American Federation of Labor said yesterday: "The growth of the federation has been simply wonderful. At the last convention we had 185 delegates, representing 650,000 people. This year we will have 225 delegates, representing 725,000 wage workers. The convention will this year depart from its usual rule to discuss a political question. A circular has been received from President Gompers, notifying the different organizations that one of the subjects for discussion will be ballot reform. The circular urges on the unions to instruct their delegates on the subject, and points out that the safety of wage workers lies through the ballot, and they should be the first to propose any measures which will throw additional safeguards around the ballot box."

Another matter of interest to Pittsburg will be the election of a successor to First Vice-President Wm. Martin, who has resigned. The other officers will probably be re-elected if they desire the honor. They are Vice-President P. J. McGuire, Secretary Chris. Evans, Treasurer Henry Emrich.

REFUSED TO ANSWER

Questions in Court and a Heavy Fine is Imposed.

CHICAGO, Dec. 4.—James C. Peasley, treasurer of the Chicago, Burlington and Quincy Railroad company, yesterday met with the same fate as did Charles Counselman, for refusing to answer questions before the federal grand jury, and also for declining to produce books and papers of the company in the freight charge violation investigation directed against the officers of the Chicago, Rock Island and Pacific railroad, the Chicago, Burlington and Quincy railroad, and the Chicago, St. Paul and Kansas City railroad.

The court said that Peasley, being only the custodian of books and papers, must produce them and answer questions. The formality of again refusing was gone through with and the court imposed a fine of $500 with directions to stand committed until paid and until the questions were answered. A petition for habeas corpus will be filed on behalf of Mr. Peasley and the question involving books and papers will be presented to Judge Gresham and the two features decided together.

FAITH IN THE SPIRITS.

Three Sisters Keep Their Dead Brother Sixteen Days Before Burial.

MAY'S LANDING, N. J., Dec. 4.—The body of George W. Fay, a prominent druggist of this place, was buried yesterday afternoon. Mr. Fay died sixteen days ago, but his three sisters, who are spiritualists, would not consent to his burial, believing that he would return to life. The corpse still retained its life-like appearance, the cheeks being red as roses. The sisters took turn in watching the lifeless form of their brother, and have not doubted or lost faith in the spirits.

To Save the Scheme.

BOSTON, Dec. 4.—Richard Hochsecher, the English promoter of the American stove and furnace company, is in this city trying to save the scheme. This company was brought out in October 7 last in London, N. Y., and Boston, and subscriptions to $1,875,000 were invited. Hard times came on and only about $300,000 was subscribed here, and reports say this amount was later reduced very considerably. The underwriters who had guaranteed the subscription for a large amount were reluctant to pay up and yesterday, the advertising agent, who unfolded the scheme to the public, brought suit for $12,000, the amount of advertising bills against those connected with the proposed syndicate.

The Cherokee Strip.

KANSAS CITY, Mo., Dec. 4.—The international round up of the cattle in the Cherokee trip, was finished yesterday. The startling discovery was made that over 2,000 head of cattle has been stolen and driven to the southwest. The Arkansas City company is the heaviest loser, 700 head having been cut out of the herd by the thieves.

Jack Demsey.

SAN FRANCISCO, Dec. 4—Prize fighter Jack Demsey arrived here from Portland last night. He will stay in the city a few days and then leave for New Orleans at which place he is booked to fight Fitzsimmons. July 4 is the time fixed for the fight to take place.

Instantly Killed.

ALTOONA, Pa., Dec. 4.—Switchman Goodman was struck and instantly killed by a train yesterday morning while in the act of pushing his young son, David, from the track.

The Weather.

WASHINGTON, Dec. 4.—For Indiana: Fair weather; winds shifting to southerly; warmer.

MUST COME TO AN ISSUE.

The Question of Parnell's Leadership Will Be Forced to an Immediate Solution.

DUBLIN, Dec. 4.—The United Ireland, Mr. O'Brien's organ, this morning publishes letters from Mr. Parnell which expose the fruitless efforts of that gentleman to prevent the appearance in its issues of articles and cartoons hostile to the Irish leader.

LONDON, Dec. 4.—At a private caucus of the anti-Parnellite majority of Irish nationalist members of the house of commons it has been resolved to reject the compromise proposals of Mr. Clancy. It was also decided to force the main question at issue, that of pure leadership of the party to an immediate solution.

The report received here last night that municipal authorities of Cork had adopted a resolution recommending the retirement from the leadership of Mr. Parnell was erroneous. A resolution was passed by a majority of twenty-one in support of that gentleman.

Mr. James L. Carew, Irish nationalist member of the house of commons for the northern division of Kildare, has written from a sick bed to his colleagues here, announcing his adherence to Mr. Parnell.

On his arrival at the house of commons at half past 11 o'clock this morning. Mr. Parnell at once proceeded to the library where he disposed of accumulated correspondence.

In the house of commons to-day the government gave notice that it would ask a supplemental grant of 5,000 pounds with which to provide for a commission to inquire into existing distress in Ireland and to devise measures for its relief.

LONDON, Dec. 4.—In pursuance of the adjournment had yesterday on Mr. Clancey's suggestion that he would be prepared to offer a measure of compromise, which he hoped will be acceptable to the conference, the debates were resumed again after guards had been placed to warn those who had no business with the meeting. As soon as Mr. Parnell had taken the chair and the minutes of yesterday's session had been read, the reading of the anti-Parnellite manifesto issued yesterday from Dublin by the Roman Catholic hierarchy of Ireland was demanded. The reading of the document was received with prolonged cheers by Mr. Parnell's opponents.

The settlement of the Irish leadership question seems to show Parnell's fighting tenacity extorts a kind of advocation. He has played steadily for delay hoping to transfer the conflict to Dublin, where he may bring popular feeling to bear upon his opponents, and remove them from the influence of English opinion. He is encouraged in this game from the fact that in Tuesday's division he gained four members who had been against him on Monday.

Parliament, having made rapid progress, will adjourn in a few days, and the tories, as the language of the Times and other organs show, desire Mr. Parnell to remain leader, because this must injure the home-rule cause in England. If Parnell leads, defeat at the general election a few months hence is certain for home-rule. The Irish members ought to see this, but with many personal feelings and a belief that he alone can work a united Irish party, outweigh all other arguments at present.

A compromise is advocated by Parnell's friends as a means of enabling him to retire with dignity; but many observers think it advisable to embarrass the English liberals and gain capital for Parnell in Ireland by enabling him to pose as the defender of national cause. Nothing decisive may be expected for two or three days at least.

DUBLIN, Dec. 4.—United Ireland today says that, without regard to any compromise which may be suggested at to-day's meeting of the Irish nationalist conference by Mr. Clancey, Mr. Parnell must go. He must never again lead the Irish party. The Freeman's Journal expresses confidence that favorable progress will to-day be made on the basis of a scheme for compromise, which will be placed before the warring factions of the nationalist party at the London conference.

CORK, Dec. 4.—The harbor board has deferred its decision with regard to the matter of Mr. Parnell's continuance in the Irish leadership until Mr. Gladstone shall have pronounced his future policy with regard to home-rule for Ireland. This is taken to indicate the bent of Mr. Parnell's latest tactics, which is to force the liberal leaders' hands.

COMPROMISE REJECTED.

NEW YORK, Dec. 4.—A London special says that Mr. Clancey's compromise resolution was rejected at the Irish parliamentary meeting to-day.

GENERAL BAXTER.

Death of the Surgeon General of the Army at Washington.

WASHINGTON, Dec. 4.—Surgeon General Baxter, of the army, who was stricken with paralysis on Monday last, died at his residence in the city at an early hour this morning. Dr. Baxter was born in Vermont in 1827. He practiced law when a young man, and later became a physician, and in June, 1861, he entered the army as surgeon of the Thirteenth Massachusetts volunteers, and the next year became brigade surgeon. After the war, Surgeon Baxter was appointed assistant medical purveyor, with the rank of Lieutenant Colonel, and in 1872, President Grant promoted him to the chief purveyorship of the army, and he held the position until August 16 last, when President Harrison appointed him surgeon general.

VICTORY FOR WOMEN.

They Have Carried the Day and Will Be Entitled to Seats in the Methodist Conference.

PHILADELPHIA, Dec. 4.—The question "Shall women be admitted into the general conference as lay delegates," has been submitted to the congregations of all the Methodist churches in the United States, and the Philadelphia Methodist says to day, that enough of the returns have been received to show that the women have carried the day, and, so far as the popular will goes, they are entitled to seats in the general conference as lay delegates.

THE NEW WHEEL TRUST.

It Includes All But Two of the Factories of the West.

TERRE HAUTE, Ind., Dec. 4.—The American Wheel company, which has just raised the price of wagon and buggy wheels about 70 per cent., is a trust formed on the lines of the whisky trust and the straw-board trust. The inspiring promoters of the trust acquired their knowledge of the art of combination in these two trusts. For a year or more the manufacturers in the west have been trying to form a pool, but until about ninety days ago were not wholly successful. At that time several members of the straw-board trust took hold of the scheme. The first result is the increase in prices on Monday last. There are sixteen factories in the trust, and only one or two outside of it west of the Allegheny mountains. The output of all is 800,000 sets of wheels a year, a set being four wheels, and the increase in prices was an average of $2.60 a set.

The company is incorporated under the Illinois law and has general offices in Chicago. Some of the leading spirits in the trust here tell with much glee how the price was raised. It was decided to do so on the first of the month, but prior thereto absolute secrecy was maintained. On Saturday the new card of prices was mailed to the trade, it being calculated that no orders at the old price could be received before Monday, the 1st, when the new prices were to go into effect, and that the intervening Sunday would enable Uncle Sam's mail service to reach the trade in the company's territory by Monday morning.

THIRD PARTY MOVEMENT.

Glimpses of It Appear at the Alliance Convention.

OCALA, Fla., Dec. 4.—Glimpses of a third party movement appear at the Alliance convention. It is chiefly agitated by the Kansas delegation. Gen. John H. Rice, candidate for the Kansas senatorship, assisted by Captain Powers, of Indiana, is drawing up a call to be issued to the Farmers' alliance and all industrial unions of America which favor the principles of the St. Louis platform, to meet in convention in Cincinnati the 23rd of next February to consider the third party, or people's party movement. The name of this party will be the "National Union Party of America." This call is not expected to be issued before the close of the Ocala convention. The efforts seems to be to keep the farmers alliance from inaugurating the new party and yet to make it in the main establish the new national party.

FAMOUS TROTTER DEAD.

He Was Worth $11,000 and Had Many Fast Sons and Daughters.

SAN FRANCISCO, Dec. 4.—The famous trotter, Electioneer, died at the Palo Alto stock farm yesterday. Rheumatism; from which he suffered a long time, was the direct cause of his death. Electioneer, was a stallion. He was purchased eleven years ago by Senator Stanford from the Stony Ford stock farm, for about $11,000. He was twenty-five years of age and had eleven sons and daughters, all of whom had records of 2:30.

Killed a Wild Cat.

ROCKPORT, Ind., Dec. 4.—While 'coon hunting, last Friday night, Mr. Sam Westfall, of Grandview, killed what is supposed to be a wild cat. It was a fierce looking animal and measured four feet and a half from head to tail. This is the second one of these animals killed in this county within the past year, the first one measuring five feet from head to tail, and killed two dogs before killed by the hunters who discovered it in the woods.

Belknap's Widow Destitute.

DES MOINES, Ia., Dec. 4.—It is understood that the accounts of the late Gen. W. W. Belknap are in bad shape and that his widow is in need of ready money. For that reason the executive council is allowing a few hundred dollars due General Belknap as agent of Iowa in pressing war claims. The warrant was issued to Mrs. Belknap instead of the administrator of the estate.

RETIRED RIFLES.

Captain Bulger Receives the Discharge of Twenty-Four Militia Men.

Twenty-four members of the Fort Wayne Rifles, will, at the next meeting of the organization, receive their official discharge from the ranks. They can no longer sport brass buttons or handle guns in the Indiana militia, for they are retired positively and finally from the service. Captain C. J. Bulger, who takes a great pride in the popular Rifles' welfare, had an alarming number of drawbacks who failed to respond to the drill call issued by him. Not caring to have the progress of the company dragged down or its good name blighted, the officer submitted the names of truant members to Adjutant General N. R. Ruckle, who considered the matter carefully and had the discharges filled out for twenty-four unfaithful men as above stated. There will be wailing when the adjutant general's orders are fulfilled, but they must be adhered to. The young men who have thus been let out of the service are dismissed with an honorable discharge, in this manner saving them from disgrace. The names are not obtainable. Captain Bulger still has thirty-five good men under his command and candidates will be mustered in. The young captain is to be commended for the military spirit he manifests in his successful efforts to keep his company to the front.

A MILITARY SCHOOL.

Commissioned Officers to Correspond With Regimental and General Headquarters.

Last evening a number of commissioned officers met at Dr. E. L. Siver's office, to discuss the advisability of organizing a military school, the object of which would be to study the tactics and keep posted on all the military maneuvres so necessary in perfect drilling. Major E. L. Siver was chosen chairman, and Captain C. J. Bulger secretary. It was decided to organize, with the following commissioned officers of this city: Major E. L. Siver, surgeon second regiment; F. R. Weldon, major of third regiment; C. E. Graves, lieutenant colonel of the Knights of Pythias; C. J. Bugler, captain of Fort Wayne Rifles; Wallace Mungen, captain of the Zollinger battery; W. W. Barnett, assistant surgeon Second regiment; lieutenants, Will Peltier and Will Kerr, of the Rifles, Will Ranke and Dave Eckert, of the Zollinger battery, and Doswell and Fox, of the Knights of Pythias. Another meeting will be held next Wednesday evening, at which time a name for the new organization will be suggested. The school will be in correspondence with West Point and the regimental and general headquarters for the purpose of keeping well informed on military matters of the day.

HEAVY RAINS

Falling in California and They Are Welcomed.

SAN FRANCISCO, Dec. 4.—A rain storm set in Tuesday night and continued all day yesterday at many points in the state, north of Los Angeles. There is every prospect of the storm becoming general throughout the state. The rain is very welcome at the present time and little or no damage is expected to result from its continuance. The fall was unusually heavy in this city througout Tuesday and all day yesterday it continued at intervals. The sea was rough at the bar at the entrance to the harbor so that several vessels which were to sail yesterday were detained. Snow has fallen in the Sirre Nevada mountains ranging from four inches at Truckee to a foot in depth in Cisco. At noon yesterday snow was still falling.

A LONG HAIRED DOCTOR

Jumps From a Second-story Window and Escapes.

HARTFORD CITY, Ind., Dec. 4.—The sheriff and marshals of this city, had an exciting chase after Dr. Zero, a long-haired Indian, last night. Besides managing the Choctaw medicine company's shops at the opera house, the doctor was charged with practicing medicine without a license. Zero fled to Montpelier, this county, and when found by the officers was giving a lecture in one of the halls there. He jumped from a second-story window and escaped. The officers followed him several miles, but gave up and came home without their prisoner.

HE STEPPED OUT

And When He Returned in Five Minutes the Money Was Gone.

ZANESVILLE, Ohio, Dec. 4.—At 6 o'clock this morning the United States express messenger left a sachel containing several thousand dollars in packages hanging up in the office at the Baltimore and Ohio depot, while he stepped out on business. He locked the door, but when he returned, five minutes afterwards, the door was unlocked and the contents of the sachel gone. The express officials are reticent, refusing to say how much the loss is. Detectives are at work.

MORE BEEF IS NEEDED

Senator Voorhees Offers a Solution for the Indian Scar

WASHINGTON, Dec. 4.—In the senate yesterday in presenting a petition for an amendment to the tariff bill in relation to the rebate on manufactured tobacco Mr. Allison said that the conferees on the part of both houses agreed to that section of the tariff bill, as the conference report would have disclosed, but that it had been omitted in enrollment. He had no doubt that the matter would receive early attention.

A long and interesting discussion took place on the subject of the threatened Indian war apropos of a joint resolution to issue arms to the states of North and South Dakota and Nebraska, Mr. Voorhees having charged the situation to the fact of the Indians being starved and being replied to by Messrs. Dawes and Pierce. The debate was interrupted at 2 o'clock by the election bill coming up as the unfinished business. Mr. Turpie thereupon opened the discussion in opposition. At the conclusion of Mr. Turpie's speech the senate adjourned.

The house to-day passed the bill providing for the punishment of every guardian, or other person, for the embezzlement of the pension of his ward. Mr. Atkinson called up the bill to facilitate the settlement of military and naval claims against the United States for pay bounty and allowances. Pending action the morning hour expired, and the house went into a committee of the whole on the pension appropriation bill.

WASHINGTON, Dec. 4.—The president and Secretary Blaine are seriously considering the appointment of Congressman Morrow, of California, as minister to Guatemala in place of Lansing B. Mizner, recalled.

WASHINGTON, Dec. 4.—The inquiry of the census office into mortgage indebtedness is nearly completed. The report will be very interesting and valuable. Out of nearly 2,800 counties, only ten remain at the present time incomplete, the mortgages for ten years having been abstracted from the records. A total of something over $85,000,000 in mortgages has been found, the largest number in the western states. Relatively speaking the southern states were found to be much freer from these incumbrances than the northern. An exception, however, to this is noted in the newly developed manufacturing districts of Alabama, Tennessee and Georgia. In districts like that of Birmingham the mortgage indebtedness is large, but 9 per cent. has been contracted for purchase money, for land, etc. In other districts of the south mortgages are given as security for "farm supplies," but this is an unimportant object of indebtedness in the north.

THE CARELESS BOY

Throws a Match Where He Ought Not to and a Big Fire Results.

NEW YORK, Dec. 4.—The seven-story mattress factory, Nos. 103 and 105 Mott street, occupied by George Herman was completely gutted by fire this morning. The loss is estimated at $60,000 nearly covered by insurance. All the hands had not got to work when the fire occurred. A boy named Henry Meiser is responsible for the fire. His duties call him to the factory early. He lighted the gas and carelessly threw the match into a lot of explosives and varnish, which ignited. The flames spread rapidly and soon communicated to all parts of the structure. The loss on contents and machinery is $35,000; on building, $25,000.

CINCINNATI, O., Dec. 4.—The tank of potash at the old chemical works, on Youngbluth avenue, exploded about 8 8 o'clock this morning. Two men living near by were horribly burned. One was black as a negro from the shower of chemicals, and it is believed that he will not live. Several other persons were more or less injured. Several fire companies were ordered out.

NEW YORK, Dec. 4.—A fire early this morning, which started in the basement of the five-story flat house, No. 205 West One Hundred and Nineteenth street, quickly ascended the elevator shaft and burned out the ten floors. Much excitement prevailed among the tenants and while some made their way out of the building by the stairs, others got down the fire escapes, all reaching the street in safety. The loss to the tenants is estimated at $10,000, and damage to the building at $5,000.

STRINGER SUIT SETTLED.

Judge Dawson Decrees a Big Foreclosure--Cullings From the Various Courts.

This morning, in the superior court, Judge C. M. Dawson decreed a foreclosure of mortgage in the suit of Harrison Flint vs. Elza T. Stringer, for $7,000. The action was brought to recover on notes issued by the defendant to plaintiff for $6,482 92, the same being secured by lots 92, 93 and 94, Williams' addition, the beautiful residence property of Mr. Stringer, on West DeWald street, which was built and owned for a time by Mr. Ray. Two judgments against Stringer, amounting to $4,075.80, in favor of Dr. A. J. Laubach, as executor of the will of Dr. Trexler, deceased, which had been previously rendered, are to be secondarily considered, the present judgment being paramount. The sheriff has been instructed to sell the property, then, if enough remains to satisfy Dr. Laubach's judgments, they, too, shall be paid.

SPRUNG A SURPRISE.

Miss Emma Bender, of This City Wedded at St. Louis.

Last Thursday, in the First Presbyterian church at St. Louis, Mo., occurred the marriage of Miss Emma, the vivacious and winning daughter of Mr. and Mrs. Reuben Bender, of 27 Grand street, this city, to Emil Rosenthal, a young gentlemen who formerly made his home in this city. While the alliance is not in the nature of an elopement, it comes a surprise to the many friends of both parties.

The circumstances of the marriage are that Miss Bender left this city last Thursday, and according to appointment, met Mr. Rosenthal at Indianapolis. They proceeded thence to St. Louis, where they were made man and wife. The young couple returned to Fort Wayne Saturday and left Monday for Vincennes, Ind., their future home, Mr. Rosenthal being connected with the hotel of Fred N. Needham, who left the Rich hotel in this city to open up his present hostelry at Vincennes.

The bride is well-known here and has many friends. The groom will be remembered as a former clerk in Ben Lehman's U. S. clothing house and also of Friend's Enterprise. The popular young people have the well-wishes of a large circle of friends.

COLONEL ALEXANDER, of Van Wert, United States district attorney for northern Ohio, is very ill at his home in Van Wert, and no hopes are entertained of his recovery. He has many friends in this city.

THE Muncie city government ordered the saloons of the city closed on Sundays on account of the prevalence of lawlessness on that day. Last Sunday was the first trial of the new order of things, and it seems to have been a great success.

IT is estimated that 5,000 persons die of consumption in New York city alone annually, and that in this country the deaths from this disease every year reach 200,000. If Professor Koch's cure for consumption is a success, what a grand boon it will be.

REPRESENTATIVE OWEN, of Indiana, chairman of the house committee on immigration, has introduced a bill making it unlawful under certain conditions for foreigners to immigrate to the United States, and imposing penalties for violation of the law.

MRS. MARY TURPIE, mother of Senator David Turpie, Indiana's able United States senator, was burned to death near Delphi, Ind., yesterday. She was arranging the fire in an old-fashioned fire place when her clothing was ignited. She was nearly ninety years of age.

THE penitentiaries of Texas have contributed $71,000 to the state treasury during the past year. Some fellow will be advancing this as an argument after awhile in favor of crime. If it wasn't for criminals to put in these penitentiaries they wouldn't be employed, and the state wouldn't get this $71,000.

THE democratic senators held a caucus yesterday to discuss the order of business. The chances of the passage of the election bill, if it should reach a final vote, were canvassed and individual senators expressed diverse opinions as to the ability of the republican party leaders to keep their forces in line. The conclusion was to maintain an unalterable opposition to the passage of the bill.

THE people of Peru have petitioned the council to prohibit the posting of bills in the public places representing girls in tights and scanty clothing. "This abuse," the Logansport Pharos says, "is being discussed in all parts of the country, and in Chicago and many other cities, the show people are no longer allowed to use such questionable paper." What is the use of prohibiting the posting of such bills when the scenes represented are enacted on the stage at the theater?

REPRESENTATIVE FRANK ADER, of Putnam county, has drafted a salary bill which he will introduce in the coming legislature. The bill was prepared at the request of the Farmers' alliance of Putnam county. Mr. Ader's bill proposes to grade the salaries of county officers according to the population of the county. The bill provides for nine grades of salaries. Salaries are made to range from $750 to $3,000. The bill also provides that county commissioners shall fix the number of deputies in each office. Some of the officers are to be paid in part by fees.

THE state assembly of the Knights of Labor is in session at Huntington. L. C. Kasten, of this city, who is a member of the executive board, is in attendance. The sessions of the assembly are held with closed doors and only officers and delegates are allowed a seat in the meetings, not even private members of the order being allowed present. The first meeting yesterday, however, was an open session, in which all K. of L. members were admitted to a seat. Some twenty-seven delegates from different localities in the state were present at this meeting and it is understood that the most encouraging reports for the success of the order that have been received for years, were among the gratifying features of the meeting.

OUR BARBERS.

The Sentinel Reporter Talks About the Boys Who Handle the Razors.

But few occupations in life are more necessary to the comfort of men than that of the barber. There was a time when he was not such an essential part of our community as now, but that was a long time ago, when men either let their beards grow or shaved once a month, or week, at the least. But now, when a man finds it necessary to drop into a barber shop three, four and five times a week to be shaved, the manipulator of the razor and the shears becomes a very important personage, and those who patronize him are unanimous in the verdict that this world would be a very unhappy one if the barber did not exist. Some men, it is true, can shave themselves, but they cannot do it with the dexterity, ease and cleanliness with which a barber can, for his tools are always "in shape" and he knows how to "get over the roughest of beards." The barber is here to stay. He will live as long as the world lasts and will always find customers. Even in death he is called and under his dexterous hand the face of the dead is made to present a clean and neat appearance. All honor to the barber, we say. Let him hold his international conventions and deliberate upon the best methods for the advancement of the interests of his profession, as he is now doing in this city.

Barbers are of great antiquity, if not for the shaving of the beard, at least for the shaving of a portion of the head. The office of the barber is referred to by the prophet Ezekiel: "And thou, son of man, take thee a barber's razor, and cause it to pass upon thine head and upon thine beard." In all oriental countries, including China, the shaving the whole or part of the head continues to be performed by barbers.

Other cities may have good barbers, but we venture the assertion that none have better barbers than we have here in Fort Wayne. Our barbers always keep their razors sharp, they are the easiest and cleanest of shavers, they are pleasant, industrious and intelligent, and can talk religion, politics, base ball, horse, or any subject within the range of infinite mind, when occasion requires. They have opinions and they know when to express them and we might wind up this branch of our subject by saying that Fort Wayne barbers are to the front in everything that is essential to know in connection with their business.

And they constitute quite a little army, too. There are in the city of Fort Wayne to-day probably 135 men actively engaged in the barber business, and others who follow it when out of other employment. There are forty-five shops. Twenty-eight of these belong to the Barbers' union, being governed by the rules and regulations laid down by that association and employing none but men belonging to the Barbers' union, and seventeen are non-union shops. The list of the establishments in this city, as correctly as we are able to get them, is as follows: Benninghoff & Futter, Alfred Bass, Bryant Brooks, N. O. Browand, Alexander Bailey, J. W. Brown, John Brunskill, Edward Collins, Ehrman & Geller, J. B. Fink, Christian Fuchs, Henry Gardt, Henry Guenther, Elmer Guffin, Charles Halstead, S. G. Hubbard, Louis Jully, J. H. Kabisch, Kime & Brown, John Gloeckle, Henry Lauer, John Lauer, Lichtenwalter & Butler, Simon Marks, S. R. Miner, Mommer & Stevenson, Matthias Momper, John Munich, G. J. Nichter, L. B. Pegg, Jerome Peters, J. H. Roberts, George Roos, Edward Schele, Sherman & Owens, C. A. Shidel, J. G. Steiss, jr., Stier Bros., Louis Uplegger, Wankerman & Wilkin, Walter & Ellert, R. H. Whitfield, H. A. Westerman, O. P. Wilkins, Gerney Winslow, Oscar Wobrock.

Most of the shops are conducted by white men, there being, we believe, only six establishments in this city in which colored men are employed. The Sunday law is in force with all of them, and none of them do business on the Sabbath day. The union shops open at 7 o'clock in the morning and close at 8 o'clock at night, and charge ten cents for a shave and twenty-five cents for a hair cut. The wages paid the workmen are $10 a week. This is the minimum rate, established by the union, although it does not prevent the payment of higher wages, some of them receiving more than this.

The union in this city is in a flourishing condition. It was organized a year ago last June, and has a membership of forty-seven. The following are the officers of this association, which is known as the Fort Wayne Journeymen Barbers' Union: President, Isaac Sweinhart; vice-president, C. H. Henker; recording secretary, George Rosse; financial secretary, Henry Homan; treasurer, William Miller; trustees, Chas. F. Henker, Wm. Miller, and George Oppelt.

Mr. Roland Reed, the well-known and popular comedian, will be at Masonic Temple to-morrow evening, when he will, supported by his own comedy company, present his latest comedy success, entitled, "Lend me your wife." The Mail and Express of Brooklyn thus speaks of the comedy: "A large audience filled the Grand opera house last night to witness the introduction of the comedy, "Lend Me Your Wife," arranged for America by Dion Boucicault and Sydney Rosenfeld. Roland Reed appeared in an entirely new characterization, Captain Abner Tarbox, a mild-mannered man.

FOUR SCORE AND TWELVE.

The Ninety-Second Birthday Anniversary of Rev. Almon Virgil.

Last Friday evening an eventful party was held at the residence of Mrs. Dr. Virgil, corner of Monroe and Charles streets. It was an occasion to celebrate the ninety-second anniversary of the birth of Rev. Almon Virgil, father of the late Dr. T. S. Virgil, who was regarded as one of the most prominent physicians in the city. The venerable gentleman was present and was happily impressed with the little demonstration given in his honor. Rev. Virgil retains his faculties and physical vigor to a remarkable extent, due greatly to his moderate habits and manner of living. He is pleasant, always cheerful, and an interesting conversationalist. Among those present who were his most intimate friends were: Dr. and Mrs. W. T. Ferguson, Dr. and Mrs. K. K. Wheelock, Dr. and Mrs. H. A. Reed, Dr. and Mrs. G. B. M. Bower, and Secretary and Mrs. D. F. Bower. The Rev. Virgil has been a resident of Fort Wayne seventeen years, ever since he retired from the pulpit. May he live to be with us and cross the century line is the hopeful wish of many of his friends.

A COMPULSORY SCHOOL BILL

To be Urged in the Legislature This Winter--Public Sentiment.

(Indianapolis News.)

A strong effort is to be made to have the legislature, which convenes next month, enact a compulsory education law. The movement in favor of the law is being pushed by the city and town superintendents and teachers and by nearly all the county superintendents in the state. The county teachers' institutes, which convene in nearly all counties during the holidays, will be requested to pass resolutions calling upon the local representatives in the legislature to support the compulsory bill. Quite a number of institutes have already been held and they have all declared in favor of the proposed law.

The State Teachers' association, which will convene in this city in a few weeks, will also be urged to declare for compulsory education, and will be requested to send an appeal to the legislature for the enactment of the desired law.

Anxious as the common school workers are for the compulsory law, the opinion among politicians of both parties is that this democratic legislature will not have the courage to take up the question. It is looked upon as a dangerous one for any party to attempt to deal with and as the democrats in Wisconsin and Illinois have been opposing compulsory education, there are but few practical politicians who think the party in this state dares show courage enough to answer the demand of nine-tenths of the men and women engaged in the common school work.

Some school men think there is an opportunity for the Indiana democrats to redeem the party from the vulnerable position it has been placed in Wisconsin and Illinois.

OUR MODEL INSTITUTION.

Annual Report of the Trustees of the Indiana School For Feeble Minded Youth.

The twelfth annual report of the superintendent and board of trustees of the Indiana School for Feeble Minded Youth, located in this city, was filed with the governor yesterday afternoon. The total receipts from the state treasurer for the fiscal year ending October 31, 1890, were $78,238. Of this amount $3,000 belonged to last year's expenses, being a deficit appropriation of two years ago and not drawn until the beginning of the present fiscal year. The occasion for this large expenditure was in consequence of moving from Richmond to Fort Wayne and the attending expenses of occupying new quarters.

The report of Superintendent John G. Blake makes an intelligent showing of the institute's condition and needs. For the first time the fiscal year finds the home in its own quarters. November 1, 1889, there were 262 children on the rolls. Since then the number admitted has been 74, returned from vacation 3, making a total of 339. During the year 9 boys and 6 girls were discharged. Seven afflicted ones have died, two are absent visiting friends. On October 31 the number in the institute was 315, and at the end of the present year the number is 317. Of that number 79 are epileptics, 15 paralytics, 9 idiotic, and of the remaining more than one half evince low symptoms of imbecility and partial idiocy, while the remaining few constitute the better grade known as the feeble minded. "Thus it will be seen," says Mr. Blake, "that we have met the full requirements of the law, and have not refused any children, however greatly afflicted, the care and protection of our institution." The health of the inmates of the institute has been during the year very good, much better than would be expected with the classes to which they belong. Once the influenza appeared and spread until more than half the inmates were afflicted, but no death was directly due to the epidemic. The report of the industries is very creditable. In the shoe shop 290 pairs girls' and 343 pairs boys' shoes were made, a total of 633, and the total number repaired were 2,314. If the repairs had been made outside the institution the costs would have been $1,388 40, while the actual cost is $809.90, a saving of $578 50. The making of the shoes would have amounted to $2,208.50. The real cost as it is amounts to $886.20, being a balance of $1,322.30, and this added to sewing on repair work makes the total amount saved $1,900.80. In the mattress and upholstery department were made 258 husk mattresses at $2.45 each, 91 cotton mattresses at $2.45 each, 120 feather pillows at $1.26 each, 190 husk mattresses renovated at $1 each, 10 pair sham pillows at 75 cents a pair. In the tailor shop were made 354 pants, 271 coats, 157 shirts, 54 suits of underwear, 12 white coats, 358 dresses, 162 aprons, 298 drawers, 142 skirts, 94 underwaists, 854 night gowns, 445 towels, 266 sheets, 20 vests, 187 pillow cases, 94 table cloths, 212 mattresses, 24 corset covers, 54 bedspreads, 190 night shirts, 534 napkins, 185 pairs knitted stockings, 29 pairs socks, 49 comforts, 14 sundries, a total of 4,564 articles made for the institute. Eight hundred thousand pieces were laundered during the year. The results in the farming and gardening departments far exceeded the expectations of the superintendent and trustees, and next year they expect to have all the "truck" necessary for the home. Twelve thousand native forest shade trees have been planted; the grounds graded, hills leveled, driveways and walks made, etc. The permanent improvements made are numerous; besides sleeping rooms, storage rooms, an outside scullery, a commodious pump and hose-reel house has been constructed, and 6,152 feet of fencing has been constructed. Superintendent Blake strongly urges the necessity of the erection of two school houses of not less than eight rooms each. "The reason for the large expenditure during the past year has been the failure to obtain water, necessitating the sinking of two large wells, each 300 feet deep, building new pump house, purchase of a large fire pump, extending the water lines for fire protection has aggregated over $6,000. Erecting over 6,000 feet of fencing, $2,500; construction of rooms, etc., $1,800; ditching and tiling grounds, $1,600; expense of moving, $3,000, with other incidents, amounting to nearly $19,000. This, taken from total receipts, shows total expenditures for maintenance during the year have been less than $60,000, which is $3,000 less than the per capita appropriation of $15 per month." The purchase of more land is urged by the trustees and superintendent. The excellent management of the institution reflects great credit on Superintendent Blake and his corps of assistants. They have made the home one of the model institutions of America.

DOWN WITH PNEUMONIA.

Henry Drage's Children Stricken With a Critical Illness.

This morning Dr. G. B. M. Bower, of this city, was summoned to Hesse Cassel, in this county, to attend the children of Henry Drage, a wealthy farmer of that place. The sufferers are three in number and they have a severe and probably fatal attack of pneumonia. Mr. and Mrs. Drage are seriously alarmed over the sudden visitation of a disease that proves fatal in so many instances.

A Ray of Hope

For all who are held by chains of scrofula or other diseases of the blood comes from Hood's Sarsaparilla, which by imparting the elements of good health and strength to the vital fluid, dissolves the bonds of disease and sets the captive free. No other remedy in existance combines the positive economy, the peculiar merit and the medical power of Hood's Sarsaparilla.

Reducing Forces.

OMAHA, Neb., Dec. 3.—Over 100 more men in the employ of the Union Pacific will be thrown out of employment by an order issued from the headquarters of the road yesterday for further reduction of the force. This will make a total reduction within the last few days of 290 men.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

"Some lives are like Horseshoes the more worn the brighter."

Busy wives who use SAPOLIO never seem to grow old. Try a cake.

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in those particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

Grocers often substitute cheaper goods for SAPOLIO, to make a better profit. Send back such articles, and insist on having just what you ordered.

A Telegraph to the Brain

From the stomach is the great sympathetic nerve in the epigastrium. Let digestion become seriously disordered and that disorder is sure to find a reflection in symptoms which react disadvantageously upon the organ of thought. Insomnia, nervousness, causeless depression and anxiety are all manifestations of dyspepsia. The best means of remedying and restoring tranquillity to brain and stomach, and of regulating, it may be added, bilious secretion, is to take a wineglassful of Hostetter's Stomach Bitters before meals during the day and before retiring. This course begun, reform in the direction of complete bodily well-being has begun with it. Constipation, sick headaches, neuralgia, rheumatism and malarial complaints are among the troubles in which the Bitters is speedily and thoroughly beneficial. Don't delay, but take the sure course at once.

Careful—Come out and take a walk. "No, the sky is gray, and gray is not becoming to me.

LIVING IN HOPE.

The Congregationalists Expect to Have a Modern Church Building.

The pride exhibited by the members of the Congregational church over the contemplated erection of a new edifice, is certainly commendable. The congregation come naturally by this pride when such a man as Rev. J. S. Ainslie is at the helm to inspire it. The present church at the corner of Washington and Fulton streets, is built upon leased ground owned by Stephen C. Tabor, of Logansport. This lease will expire March 1, next, soon after which time the trustees hope to have a new church building under construction. The congregation have already pledged $4,000 for the purchase of a lot. The question of a site will require some discussion, but it is believed that the present property will be purchased. The present church building was built at a cost of $5,000 and is now owned by the congregation. The ideas of Pastor Ainslie will be carried out when a new building is erected. The edifice will be strictly modern and will have literary and social rooms open to members every day in the week.

A SUCCESSFUL YOUNG MAN.

Mr. T. L. Lintz, proprietor of the China Bazaar, No. 12 East Columbia street, is truly an enterprising young man and he deserves the success he has attained, as he is not only obliging and courteous to his patrons, but he is scrupulously honest in telling all intending purchasers the different grades and merits of his wares, and above all giving the lowest prices that the goods can be sold for. This is the only true way to build up a trade, and Mr. Lintz is enabled to do this as he imports most of his fine Glassware and decorated China direct from Europe and Japan. His store is packed from floor to ceiling with everything pertaining to a first-class crockery store, such as Lamps and Lamp goods of every description, Decorated Tea and Dinner Ware, Decorated Toilet Ware, fine Bohemian Glassware, handsome French and German decorated China, Table Cutlery and Silverware, also goods from the Japanese Empire. Mr. L. informs us that the Japanese are the finest artists in the world in anything they undertake, and in decorations and blending of colors they excel. His stock of Japanese goods is the most complete, and he was the first to handle these goods in the city. In its construction fully 100,000 wagon loads of earth were used and seventy-five men were given almost steady employment. The dyke is thirty-five feet wide at the bottom, twelve feet wide at the top, and the sides are sodded, making it a beautiful ornament as well as a nice driveway. The average height is ten feet, ensuring safety from any unusual rise of the river, the mound being about four feet higher than the highest water ever known. WARBLERS.

Max G. Lade Has the Finest Selection of Singing Birds in the State.

If you love the sweet song of the canary or the warble of the Hartz mountain canary, you should pay a visit to Max G. Lade's Sportsmen's Emporium and see his admirable selection of these handsome little birds. Whether you purchase or not you will be highly entertained, and if there is anything that fills the soul with ecstacy it is the song of the canary.

Mr. Lade has also as fine an assortment of bird cages in all their varieties as is to be found. Max does not forget the boys, and what is a nicer present for a boy than an Air or Sparrow gun, or a nice pair of skates. Mr. Lade has a large assortment of skates that he will sell regardless of cost, so all the boys in the city, whether rich or poor, can have a pair of skates at prices at which they all can buy.

BRING IT HERE.

An Eastern Factory Coming to This State.

The thought is entertained that another eastern factory may be brought to Indiana, and an effort should be made to have it locate in Fort Wayne. The Arcade File works, the oldest and one of the largest and most enterprising concerns in the country, located at Sing Sing, N. Y., is considering the advisability of moving its entire plant to a location where increased facilities for manufacturing may be had. It finds this step necessary, owing to the steady growth of business, and to the lack of of space in which to extend the works. The concern employs 150 hands and proposes enlarging so as to double its production.

THE BARBERS.

Officers Elected—Grand Rapids the Next Place of Meeting.

The International barbers' convention held their meetings to-day with closed doors, and transacted considerable business.

This morning district organizers were appointed, one from each state, and the issuing of an official journal will also be decided upon. It is now thought the convention will not be ready to adjourn before morning. The members of the local union will to-night tender the visiting delegates a banquet at the Crow club hall.

The following officers were elected: President, J. C. Myers, St. Paul, Minn.; first vice-president, C. Rowedder, Denver, Col.; second vice-president, L. H. Jones, Findlay, Ohio; third vice-president, I. C. Sweihart, Fort Wayne; fourth vice-president, C. Koontz, Memphis, Tenn.; treasurers, Louis Schneider, Columbus, Ohio. The president and first vice-president will do the secretary's work.

The Industrial Age, published at St. Paul, was adopted as the official organ. The place of next meeting was chosen, resulting in the selection of Grand Rapids, Mich., the meeting to convene on the first Monday in December, 1892.

The Consumers' trust gas company, of Kokomo, which was organized to resist the extortionate demands of the natural gas company, after subscribing $53,000 stock and paying a 10 per cent. assessment, petered out. It is now proposed to purchase a controlling interest in the dominant gas company, and then reduce prices to living rates.

John Meaken, of Turner, a mining village two miles west of Brazil, seems to have offended some one or more people in that vicinity, in consequence of which he got an alleged White Cap notice to leave. He left. There is no White Cap organization there, but the notice was doubtless written by some individual through spite.

Remains of a mastodon have been found on the farm of Robert McCrum, in Lancaster township, Huntington county, among which was a back-bone measuring twenty-three feet in length. Thigh bones were uncovered four and a half feet in length, but they crumbled to pieces after short exposure to the air.

Ball Bros., of Buffalo, who established the first glass factory at Muncie, are erecting a second building, which will give facilities for employing 200 additional men, making altogether 500 on the firm's pay-roll.

INDIANS IN COURT.

Lum-Kik-Cum-Wah and Chick-Go-Sa-Wah Assert Their Rights.

An interesting suit has been brought in the circuit court, the parties to the same being James P. Schapp, an Indian born, whose native name was Lum-Kik-Cum-Wah, against Charles W. Fairfield and Charles Fairfield. The action is against C. W. Fairfield as guardian upon his bond and Charles Fairfield as surety. The facts of the case as cited are that C. W. Fairfield was on February 9, 1882, appointed guardian of John Schapp, whose Indian name is above given and Rose Brownsberger, whose Indian maiden name was Chick-Go-Sa-Wah, then the infant heirs of Mary Brownsberger, formerly Mary Schapp. It is alleged that said Charles W. Fairfield came into possession of $4,000, which came into his hands as guardian. That said wards are now of matured age and eligible to their money which it is alleged the guardian refuses to surrender. Colerick and France penned the complaint.

WINTER WISDOM.

[Exchange.]

Don't be afraid of fresh air, but avoid draughts.

Don't go out of doors for a second without extra covering.

In selecting your winter underclothing, choose that which is warm and yet more or less open in texture.

Take off your overcoat when you enter a warm place, whether office or private dwelling, even if your visit is to last only three minutes.

If you catch cold or develop a cough, get rid of it at once. This is better than feeling "blue" and thinking that pneumonia or consumption has marked you as a victim.

The best remedy for a cough or cold (however stubborn,) or sudden chill, is pure whiskey. A dose of whiskey in water will impart a generous warmth to the whole body and keep off the disease of the season.

Don't forget that only pure whiskey should be taken. Duffy's Pure Malt Whiskey has the strongest recommendations from the leading doctors as to its efficiency, and from the most prominent scientists, as to its purity. It is the only standard medical whiskey. Take no other from your druggist.

FOR ❊ CHRISTMAS ❊ AND ❊ NEW ❊ YEARS.

FRUIT HOUSE PRICES.

In many instances there has been little change in prices, especially in staple goods. The sugar market has been steady, the clique who has had hold of it being afraid to advance prices. In consequence of the tariff agitation this was not so last year where in one instance inside of 30 days they sent prices up over 3c. per pound.

Coffee A. Standard, 6¼c. Coffee C. Extra Yellow, 6c.

Granulated, Crushed and Powdered, 7c.

The Tea market in second grades has been much higher; these qualities have advanced over 5c. In the first qualities there has been no change; fortunately we had a large supply before the advance which enabled us to continue to sell to our customers at old prices. Our motto in dealing in Teas, like other goods, is to buy in large quantities and we sell direct to the consumer, thereby saving to our customers the profits of the jobber and speculator, which is not less than 10 and 20 c. on the pound. This is the secret in the success of our Tea trade trade—large sales and small profits.

Young Hyson Tea, good, 20c.; choice, 30c.; best, 50c. lb.
Imperial Tea, extra, 30c; best, 50c lb.
Gunpowder Tea, extra, 30c. lb; best, 50c lb.
Oolong or Black Tea, extra, 25c.; best, 50c. lb.
Japan Tea Uncolored, choice, 30c; best, 50c lb.

COFFEE, COFFEE—Rio, Mocha, Java and Roasted Coffee.

There are indications of a great decline in coffee the next two months as receipts in Rio and Santos are very large, and this being shipped to New York will compel the clique who has had control of the market to let go, and in consequence the market will go down: Prices remain as last quoted:

Best Rio Coffee, 25c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.

The Christmas trade in toys and presents promises to be large this season, and in consequence of such a demand we have laid in an immense supply of all kinds of toys and fancy goods suitable for presents for old and young. They are too numerous to mention them in detail, but we have dolls of all kinds and sizes from the 1c doll up to the $1.00 dressed doll. Fancy plush albums, very nice presents they make, and always acceptable, from 25c up to $2.50, and 75c and $1.00 albums are an exceedingly great bargain. Then we have tin toys, iron toys, mechanical toys, such as lions, birds, dogs, cats, tigers, elephants, chickens, Noah's arks, block houses, games, picture books, dulcimers, violins, toy guns, toy pistols and Christmas trees, candles and Christmas tree ornaments of every variety and some very beautiful ones from 1c up to 25c each.
